Visa procurement made easy

Trips abroad are often associated with dealing with the entry requirements of the country. Visa procurement itself is time-consuming, requires filling out several forms and is subject to various requirements. Our reliable partner SERVISUM provides expert support when it comes to travelling to foreign countries. Good journey preparations ensure security. We help where we can.

Good contacts

SERVISUM has excellent contacts with the consular sections of embassies and knows exactly what matters. For you that means not having to deal with a number of things. You no longer have to worry about getting in line at the embassies, travelling there, or incomplete application forms. We will check what is needed ahead of time in order to make visa procurement as simple as possible.

It goes without saying that our employees personally submit the documentation in good time, and will even check in the embassy whether the received visas are correct. Prompt delivery – surely and safely.

That will take a load off your shoulders.
